

Summer Learning

with Clever Login

 Varsity Tutors
for Schools

Unlimited Summer Learning

With Unlimited Summer Learning, districts can provide every K-8 student with **an all-access online pass to live and on-demand classes and camps** to expand the opportunity to learn, grow, and have fun.

Support for Every Student

Inspire Lifelong Learners

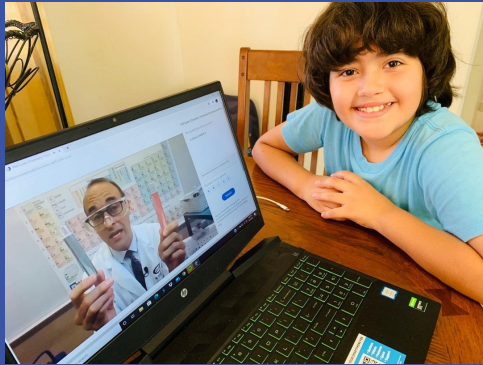

High-Quality, Safe Instruction

What's Included

Academic Acceleration

Online courses in math, reading, writing, and science designed to reinforce core concepts from the previous school year.

- 2 or 4 week programs
- Small group setting
- Personalized live instruction

Always-On Enrichment

Hundreds of live drop-in classes and star-taught on-demand lessons to explore passions, learn new skills, and collaborate with other learners.

- Live and on-demand
- Small and large groups
- Exclusive celebrity-led content

Summer Camps Reimagined

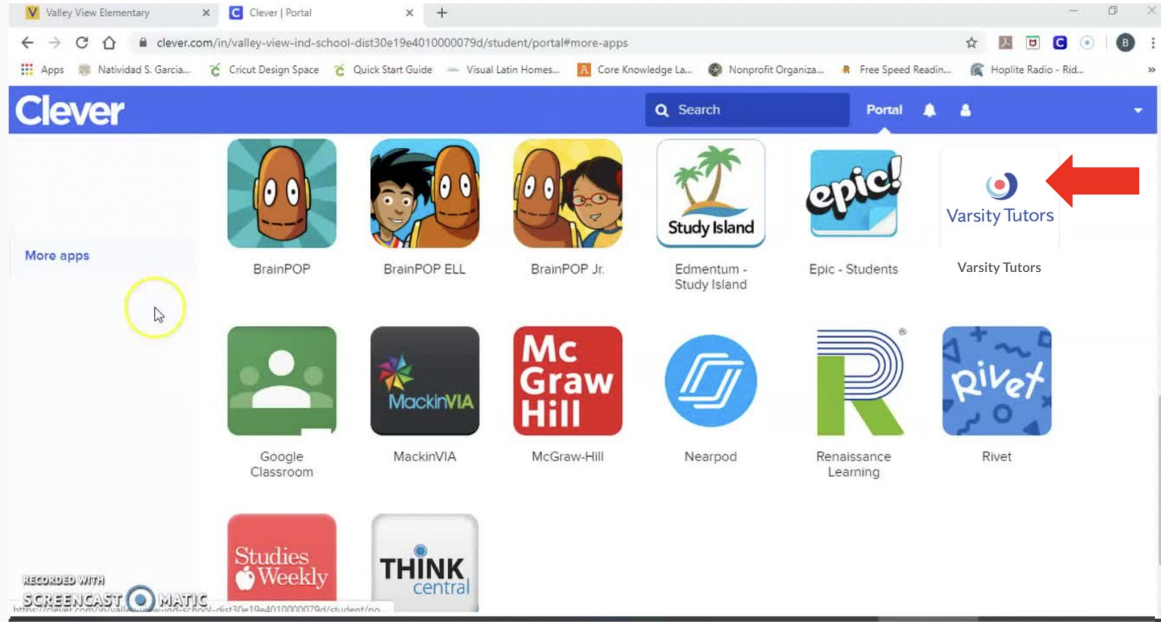

Summer camps taught live by top experts in an online environment that encourages social interaction and collaboration.

- 15 unique camps
- Week-long programs
- Collaborative online and unplug activities

Log into Clever

Students will use their single sign on to log into the Varsity Tutors app.

Something for Every Learner

The Learning Lab will surface all enrichment offerings students can choose from.

World Turtle Day: A Live Shell-ibration

Presented by the South Carolina Aquarium

Free with a VT+ Membership

Enroll Now

About the South Carolina Aquarium

The South Carolina Aquarium is leading the way to connect people with water, wildlife and wild places. From its more than 5,000 animals to its award-winning education team, from the Sea Turtle Care Center to its conservation programs protecting local species, you'll be struck with awe and inspiration as you journey through exhibits representing the mountains to the sea of South Carolina.

About the class

Join the South Carolina Aquarium as we shell-ibrate turtles on their special day! Meet all kinds of turtles—from a gopher tortoise to a diamondback terrapin to sea turtles—as you explore the full taxonomy of turtle types. How are land, aquatic, and sea turtles different? Are all turtles as slow as popular culture says they are? And what are some of the species-specific superpowers that have helped turtles thrive for 230 million years (and hopefully for 230 million more World Turtle Days to come)?

Meet your expert instructor, Alayna

CLASS DETAILS

May 18
Wednesday @ 12:30 PM-1:15 PM (PT)
1 x 45min session (45 minutes)
(Best for grades 2-4)

Free with VT+ Summer Plus Unlimited

Schedule Management

Students can see and join classes they are registered for from their schedule.

The screenshot displays the 'Your Classes & Camps' section of a user interface. At the top, a light blue banner shows a clock icon, the text 'Tomorrow @ 9:15am - 10:00am PST', the title 'World Turtle Day: A Live Shell-ebration', and a button labeled 'Link shown 15 minutes before session'. Below this, the 'Your Classes & Camps' section features three cards. The first card, 'Where the Wild Things Are', has a turtle icon and states 'Next Class: Today, 8:00 AM'. The second card, 'Live from the Smithsonian: Living ...', has a globe icon and states 'Next Class: Tomorrow, 8:00 AM'. The third card, 'Where the Wild Things Are', has a globe icon and states 'Next Class: Wed, May 25, 8:00 AM'. A link 'View all upcoming classes & camps →' is positioned below these cards. A large blue arrow points from the 'Where the Wild Things Are' card to the 'Schedule' view below. The 'Schedule' view has a header with a clock icon, the text 'Tomorrow @ 9:15am - 10:00am PST', the title 'World Turtle Day: A Live Shell-ebration', and the same 'Link shown 15 minutes before session' button. Below the header, there are three tabs: 'Tutoring', 'Camps' (which is selected with a checkmark), and 'Classes' (which is also selected with a checkmark). The schedule is organized by date: 'TOMORROW' shows two sessions of 'World Turtle Day: A Live Shell-ebration' and 'Where the Wild Things Are' from 8:00-9:00 AM. 'MON, MAY 23' shows two sessions of 'Where the Wild Things Are' from 8:00-9:00 AM. 'WED, MAY 25' shows two sessions of 'Where the Wild Things Are' from 8:00-9:00 AM.
